Technical Capability: Staffing and IT services. TEKsystems provides support in rapidly hiring staff for project based and long term hiring. This includes long term temporary staffing, temp to perm placements and direct hire placements. Additionally TEKsystems provides Services including Education and Training, Asset Retirement, Asset Inventory, Asset Deployment, Quality Assurance and Programming services. TEKsystems has over 100 offices allowing us to support clients and projects nationwide.

Tasking: TEKsystems will assist the Prime contractor in meeting its staffing goals and requirements for its projects. When appropriate the Prime may leverages TEKsystems other service offerings to the benefit of it's end client.

Functional Areas: 3.5,3.6, 3.12, 3.20, 3.21

Subcontracting Goal: N/A

Past Performance: TEKsystems provided IT services to the Naval War College and the Navy Recruiting Districts under contract N00140-06-D-0004 . At the Navy War College TEKsystems provided all staff brought on to the project by CSC. This allowed them to have an immediate impact and quickly get the required personnel for the project. For the Recruiting District project CSC levergage TEKsystems nationwide capabilities to hire System Administrators at 26 locations nationwide. This allowed CSC to quickly meet the requirements of the task order including providing services to locations CSC had not previously done work for. Please contact Curt Robinette, at CSC for further information. +1 (850) 452-1001 x1398
