

# Mutual Fun®

## Facilitate collaboration, nurture innovation.

Innovation is a game-changer across industries. So how can your organization create an environment that sparks breakthrough thinking? At Rite-Solutions™, we know that good ideas gain momentum through brainstorming and collaboration – when different people engage in the opportunities, challenges, and rewards that ideation and innovation bring. To foster such a dynamic, we developed Mutual Fun®, an innovation management platform that enables you to leverage the collective genius of your people. With Mutual Fun, your organization will:

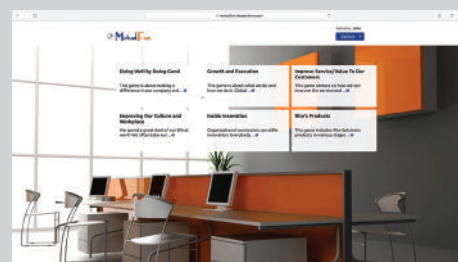

- Compete, grow, and succeed by cultivating ideas and accelerating innovations that help you capitalize on ever-changing customer needs and organizational challenges
- Fuel collaboration, improve morale, and increase employee retention by encouraging participation from people throughout your ranks

## Engage all employees, drive organizational success.

We developed Mutual Fun to drive our own innovation in engagements with world-class clients such as Hasbro and the US Navy. Now the award-winning, patent-pending solution is used by our clients themselves, to harvest their own innovations. A resource to some, a game to others, Mutual Fun allows everyone to contribute to your organization's growth and success through the process of innovation.
